Escape to your Hinterland – Tamborine Mountain

Disappear into the cooler, green rainforests of Tamborine Mountain and surrounds. The mountain climate makes for an ideal escape from the heat of the coast. Because of its altitude, Tamborine Mountain has a much cooler and less humid climate than the Gold Coast & Brisbane, situated high on the Mountain plateau.

Wander the walking trails, discover the hidden delights of eclectic boutique shops, and visit the wineries, breweries and distilleries on offer. You can find locally made clothing and jewellery, ceramics, gemstones, and local/ Indigenous art. There's lots of fresh local produce like coffee, flowers, honey, as well as organic avocado and rhubarb to purchase.

Explore the rainforests and national parks on foot, with a choice of more strenuous hikes on offer. The waterfalls are at their best during the wet season.

Tamborine Rainforest Skywalk will take you high above the rainforest canopy, the Glowworm Cave will show you the mysteries of nature. Discover Mountain-inspired beer, wine and gins, and locally grown coffee. Sit and enjoy great food or simply wander down the famous Gallery Walk.

Discover more of this charming Mountain, just an hour south of Brisbane, nestled in the Gold Coast Hinterland. *Come up and stay awhile!*

WATERFALLS

Many natural attractions greet the Tamborine Mountain visitor. A number of breathtakingly beautiful water-falls are located all over the mountain and are often the reason why so many visitors return time after time. After prolonged periods of rain, waterfalls are at their most spectacular, but all flow year round. A bit of walking is always involved when visiting one of the many waterfalls on Tamborine Mountain. It is hard to pick any particular waterfall as being "the best" - all of the waterfalls have their own special beauty, and need to be seen to be appreciated!

D5
MAP REF

"Curtis Falls" Located in the heart of beautiful Tamborine Mountain, "Curtis Falls" is the only waterfall that can be viewed from the bottom. Being fed by a permanent creek, the falls run all year round. The walking track ends at a viewing platform overlooking a large rock pool, with great views of the falls and the surrounding columnar basalt rock face.

A5
MAP REF

"Cedar Creek Falls" A short stroll from the car park at the end of "Cedar Creek Falls Road" provides access to Cedar Creek and some of its spectacular cascades, waterfalls and rock pools. Visitors pass a couple of rewarding lookouts and descend down into the open canyon via a sealed pathway. As Tamborine Mountain is not connected to town water, these are the only swimming holes on the mountain. Please observe all regulatory notices.

B3
MAP REF

"Cameron Falls" The top of the falls is reached after a very enjoyable 30 minute walk starting at the "Knoll Road" lookout. A secure concrete bridge crosses "Sandy Creek", a viewing platform a few metres to the west offers great views inland as well as looking onto "Cameron Falls" to the east.

E3
MAP REF

"Witches Falls" Being located within Queensland's first National Park, "Witches Falls" is one of the most popular waterfalls. Access is via the "Main Western Road" car parking area opposite "Hartley Road". Being located on the "Witches Chase" hiking track, the falls are best admired from the viewing platform which also offers great inland views.

BBQs / PARKS / PLAYGROUNDS

Culinary delights on Tamborine Mountain often mean enjoying a BBQ or picnic in one of the many parks and designated picnic areas. There are a huge number of quiet and secluded picnic areas, some sheltered, some with views, some with children's playgrounds, some with wood or electric BBQs. However you imagine your ideal picnic spot - you are bound to find it on Tamborine Mountain.

OTHER
INFO

HEX GAZEBO / TELECOM TOWER

At the southernmost point of Tamborine Mountain this was once a very popular lookout area including a viewing tower to give early settlers advance warnings of approaching bush fires. With the tower now gone and trees obstructing the views, this small park is now a quiet picnic area, offering a variety of facilities.

WALKING TRACKS

TAMBORINE NATIONAL PARK

JOALAH SECTION

Access:

From both Eagle Heights Road via a 400m track and from Dapsang Drive.

DESCRIPTION

D5
MAP REF

CURTIS FALLS

1.5km return, moderate grade with some steeper sections, allow about 60 minutes.

D/C5
MAP REF

JOALAH CIRCUIT

4.2 km return, allow about 1 hour, moderate grade.

Instead of heading back from Curtis Falls, you can follow the piccabeen palm-fringed creek which starts at Curtis Falls to the beginning of the circuit, passing several smaller cascades. Starting the circuit walking left you will soon cross Cedar Creek. The track passes a clearing which was created by a fallen giant strangler fig. Walk the lower circuit in an anti-clockwise direction. Eventually you will reach an easy hop-over boulder creek crossing, and then the track returns left towards Curtis Falls.

CEDAR CREEK SECTION

Access:

This section of the park is easily reached via Tamborine Mountain Road. Heading up the mountain from Tamborine Village, the turn-off to "Cedar Creek Falls Road" is just past the information map stopping bay on the left, on the same sharp right bend as the turn-off to "Thunderbird Park".

DESCRIPTION

A5
MAP REF

CEDAR CREEK FALLS LOOKOUT

500m return to lookout, allow about 15 minutes, easy grade.

A5
MAP REF

CEDAR CREEK FALLS ROCK POOLS

900m return from lookout, allow about 30 minutes, moderate grade.

This track provides access to Cedar Creek and some of its spectacular cascades, waterfalls and rock pools. Walkers descend down through open forest and dry rainforest and arrive at these popular swimming holes after crossing extensive jumbled rock scree slopes just before the creek.

Access to the swimming holes is easy via slope rock shelves, care needs to be taken as these rocks can be slippery. Jumping from the cliffs is strictly prohibited, due to submerged rocks and other hazards. The water can be quiet cold, even in the peak of summer.

WITCHES FALLS SECTION

Access:

The start of the walking trail is easily accessible off "main Western Road". For the "Witches Chase Track" turn into Beacon Road at the local servo, further down keep left at the fork taking the aptly named road "Witches Chase". Car parking is at the start of the walk where the road turns sharply right to become Colville Drive.

DESCRIPTION

E2
MAP REF

WITCHES FALLS CIRCUIT

3.1 km, allow about 1 hour, moderate grade.

D1-2
MAP REF

WITCHES CHASE TRACK

2.7 km return, moderate grade.

This walk also starts at "Main Western Road". It descends down the mountain using the northern track to the "Witches Falls" waterfall and lookout, and continues along the cliff through rainforest, passing a huge boulder field making for a slightly more challenging terrain towards Beacon Road. Once you passed the boulder field either turn around and head back, or keep following the track until you reach the car park at the end of "Witches Chase".

WALKING TRACKS

TAMBORINE NATIONAL PARK

MACDONALD SECTION

Access:

Turn into "Wongawallan Rd" at the upper roundabout of "Gallery Walk", parking is about 200 metres down the road on the left opposite the "Heritage Centre".

This precious tract of subtropical rainforest was named after Miss Jessie MacDonald, who generously donated part of this area to become a National Park in 1933.

DESCRIPTION

D6
MAP REF

MACDONALD CIRCUIT

1.4km return, allow 35 minutes, easy grade.

This relatively flat loop track passes through rainforest with towering strangler figs, beautiful Piccabeen Palm Groves and tall trees with vines and ferns. This walk is popular with bird watchers, and offers visitors a quiet rainforest walk away from street noise and crowds.

The circuit is easy to navigate and very enjoyable. It is suitable for all ages, and often offers cool relief in the warmer summer months.

For updates and a printable version of these maps go to:

EscapeToTamborineMountain.com.au

THE KNOLL SECTION

Access:

In North Tamborine, turn off "Main Western Road" into "Main Street", continue past the shops and the residential area where it becomes "Knoll Road", keep left when the road forks.

DESCRIPTION

B3
MAP REF

SANDY CREEK / CAMERON FALLS CIRCUIT

2.6 km return, allow 1 hour, easy grade.

The track descends from the car park to the creek level through transitional rainforest with large flooded gums and Piccabeen Groves. Large black skink lizards can often be seen sunning themselves on this track.

Turn right when reaching the Sandy Creek circuit, and follow the gently sloping track until the track turns sharply left, continuing along the cliff edge. You will soon reach the top of Cameron Falls via a concrete bridge crossing Sandy Creek, offering spectacular views to Mount Flinders and Brisbane.

A branch track to Cameron Falls Lookout just past the bridge enables you to truly appreciate the natural beauty of this waterfall. Complete the circuit by continuing right when returning from the branch track, crossing Sandy Creek shortly before reaching the uphill track back to the car parking area.

PALM GROVE SECTION

Access:

For ease of parking, use either "Palm Grove Road" or "Curtis Falls Road". Alternatively, this walking area can be reached by using an access track starting at the corner of Eagle Heights Road and Palm Grove Road.

DESCRIPTION

E/F6
MAP REF

PALM GROVE CIRCUIT

2.5km return, allow 1 hour, easy grade.

Access via Curtis Road is recommended, as the access track itself offers many rewards to walkers such as giant strangler figs and amazing root formations. The track zigzags down the mountain before it flattens out to reach the beginning of the circuit. Pass peaceful palm groves and some fascinating fungi on the way.

F7
MAP REF

JENYNS CIRCUIT

4.5km return, ALLOW 1½ hours, moderate grade.

Incorporating parts of the "Palm Grove Circuit", this circuit leads into drier eucalyptus forest. Hoop pines, brush box and grey gums abound and walkers will pass through a grove of ancient cycads. Watch for steep cliff edges and remain on the track at all times. Jenyns Falls and Burrawang Lookout tracks are currently closed.
